WORK EXPERIENCE

Housing, Infrastructure, and Communities Canada (HICC)

BI Reporting Student / IT Database Developer — Sept 2024–Present | Ottawa, ON

Tasked with handling end-to-end migrations of Cognos reporting environments to Power BI. Extract Cognos report specifications using Python, translate legacy SQL logic into optimized T-SQL, and build robust Power BI semantic models and paginated reports. Serves as a primary technical point of contact for enterprise semantic modeling, client requirements gathering, and troubleshooting Power BI access and workspace governance.

Canadian Tire

Sales Associate — Apr 2023–Aug 2024 | Ottawa, ON

Assisted customers with product inquiries, managed inventory stocking, and merchandised new store lines while maintaining high customer satisfaction standards.

Toys R Us

Key Carrier / Customer Success Representative — Nov 2017–Apr 2023 | Ottawa, ON

Promoted to Key Carrier in Nov 2022 to oversee store opening/closing procedures and cash management. Managed book department inventory, resolved online customer service issues, and trained incoming personnel.

TECHNICAL PROJECTS

Cognos-to-Power BI Migration Framework

HICC | Python, PowerBI, Cognos Analytics, SQL, T-SQL

Summer/Fall 2026

Automated metadata extraction from Cognos using Python scripts. Translated legacy queries to T-SQL and constructed modern data models backing interactive and paginated Power BI reports. Communicated with clients for testing and requirement needs.

Financial Data Hub

HICC | PowerBI, T-SQL, Data Modeling

Winter/Spring 2026

Collaborated with departmental stakeholders to architect a Star Schema Financial Data Model featuring 6 fact tables, 8+ dimension tables, and clean data transformations to power executive dashboards.

Data Analytics & Data Mart Construction

Academic Project | Python, PowerBI, PostgreSQL, Supabase

Winter 2024

Connected and built a cloud data warehouse in Supabase to analyze student rental price trends against localized crime statistics, utilizing Power BI for data aggregation and visualization.
